

AEEPL®

LIFE IS PRECIOUS - ALWAYS USE GENUINE PARTS

Anushree Electrical Engineers Private Limited

Anushree Electrical Engineers (P) Ltd. has been manufacturing Hardware for Power Transmission and Distribution since 2012.

AEEPL is well equipped to manufacture and supply a very wide product range of hardware for the Power Transmission and Distribution segment. Necessary testing facility is also available in-house.

Hardware Products Manufactured by us

- Hardware Fitting for single, Twin & Quad Conductors for Substation upto 400KV
- Sub-station Hardware Fittings for Single, Twin & Quad Conductors upto 400KV
- Sub-Station Clamps and Connectors for Single, Twin & Quad Conductors upto 400KV Systems.
- Flexible and Rigid Spacers for Twin & Quad Conductors for Lines upto 400KV
- Vibration Dampers, Midspan Compression Joints, Repair Sleeves, PA Rods for Conductors & Earthwire.
- Earthwire Hardware Fittings & Accessories upto 400KV
- AB Cable Accessories
- Conductor Accessories.
